Re: Community Pool Project on Verano Avenue

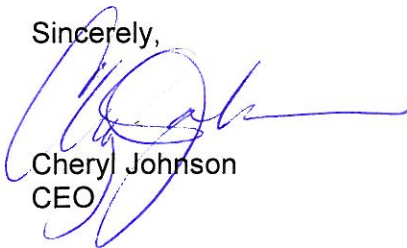

To Whom It May Concern:

Sonoma Valley Community Health Center was excited to learn of the effort that Sonoma Splash is making to place a community pool on the "Paul's Resort" property on Verano Avenue. By having the pool at a centrally located site such as "Paul's Resort", all Sonoma Valley residents will be able to access what is sure to become a community asset.

As a community health center, our mission is to ensure the health and wellbeing of the people who live in Sonoma Valley and exercise is a key component. Swimming and water exercise are activities that most people are able to do and, in fact, can be used to improve mobility and alleviate certain types of pain. And for those people who do not have health concerns, swimming is a fun way to stay healthy and active. Either way, a community pool will benefit all of Sonoma Valley.

We are thrilled to have a community pool in our area and look forward to day that it opens!

Sincerely,

Cheryl Johnson  
CEO
